

Live Well.
Work Well.
Play Well.

Cook Medical Plaza opened in 2019. The 120,000 square-foot campus hosts an array of medical services to meet the various needs of our community. First is Southwell Medical, our state-of-the-art hospital, that includes acute care, laboratory services, sleep studies, medical imaging, endoscopy, an outpatient surgery center as well as physical, occupational and speech therapy services. Southwell Medical also includes the Memory and Wellness Center, a 12-bed geriatric psychiatric facility that provides behavioral health services to adults who are aged 55 and older. Southwell Health and Rehabilitation is a 95-bed skilled nursing facility that is the newest and most modern facility in the region. Because we are hospital-based, our residents have easy access to services, such as radiology, laboratory, therapy, and wound care, as well as our physicians.
